

Stainless Steel Door Handle

Combining high performance with great looks!

Yale's new stylish slim backplate door handle is manufactured in 304 stainless steel for ultimate corrosion resistance. The 28mm backplate makes it ideal for narrow door sets and complements modern door designs.

Features:

- Lever/Lever operation
- Screw pack to suit 60mm and 70mm profiles
- Incorporates patented spring cassette which eliminates the common 'drooping' effect
- Available in: White, Black, Polished Chrome, Polished Gold, Brushed Stainless and Anthracite Grey
- Suited colour fixings

Specification

- Corrosion tested to BS EN 1670 Grade 5
- Tested in excess of 1000 hrs. NSST
- Cycle tested to 50,000 cycles
- Load tested to BS6462
- 25 year surface finish guarantee
- 10 year mechanical guarantee
- Lifetime Security Guarantee*

Yale Platinum 3 Star Kitemarked Anti-Snap Cylinder

Introducing the new hardware range

Designed for bi-fold doors
Secured with Yale

Introducing an innovative new range of premium bi-fold hardware. Range includes:

- Yale Lockmaster 28mm backset - 16mm faceplate
- Yale Lockmaster 28mm backset - 24mm u-channel
- Stainless steel door handle
- Maximum security Platinum 3 Star Cylinder

Yale introduces a new range of innovative products created specifically for bi-fold doors.

As expected from the world's favourite lock manufacturer, this superior collection of hardware has been designed, developed and tested in the UK to Yale's precise standards and high performance security whilst also complementing modern door aesthetics.

Products:

- Yale Lockmaster 28mm backset - 16mm faceplate
- Yale Lockmaster 28mm backset - 24mm u-channel
- Stainless steel door handle
- Maximum security Platinum 3 Star Cylinder

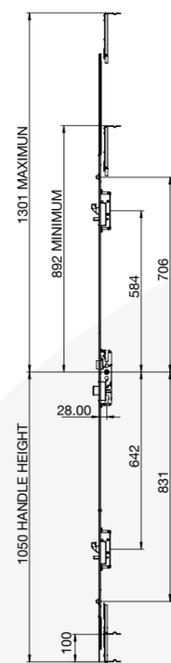

Ideal for narrow door sets, the new Yale Lockmaster 28mm backset multi-point door lock fits into slim sightline profiles and is available in standard 16mm euro groove and 24mm u-channel variants.

Yale Lockmaster 28mm backset 16mm faceplate

The UK's most popular multi-point lock platform is now available in a 28mm backset gearbox and features the trusted Lockmaster combination of hook and anti-lift pins for greater security along with the smooth operation, tolerance and ease of use associated with the world's favourite lock. Complete with pre-compression roller cams to deliver optimal weather-proofing and security performance.

Designed and tested to achieve PAS 24, the new slim backset Lockmaster comes with all the assurances you would expect from Yale and is even protected by Yale's 10 year guarantee for added peace of mind.

Locking points

- Lockmaster signature hook and anti-lift pins
- Deadbolt centre with an easily reversible latch bolt to minimise stock requirements
- Pre-compression roller engagement cams
- Slave mechanism for French door application is available
- 28mm backset with PZ92mm centre case

Faceplate

- 16mm faceplate
- Yale branded
