

# Everyday life made easier

**Know what's happening at home, even whilst you're away. With our Indoor Wi-Fi Camera – Pan & Tilt, you can receive motion detection alerts, move the camera up and down, left and right to cover every corner of your home.**

Have a real-time conversation with people in front of the camera via the Yale View App and hide your lens with privacy mode to protect your personal privacy whilst at home.

#### **Pan & tilt**

Control the position of the lens

#### **Motion detection**

Instant motion alerts to your phone

#### **Privacy mode**

Hide the lens to protect your personal privacy
