

Yale

Keep an eye on your home with our Yale Smart Outdoor Camera.

The Smart Outdoor Camera will deter any potential burglars, offering you a crisp 1080p Full HD image, motion-triggered recordings, a two-way audio feature, enhanced colour night vision, and a spotlight that can be triggered when motion is detected.

You can also see what's happening at home from anywhere in the world with the Yale Home app, with the option to record videos or capture images to review and save at any time locally or in the cloud.

App control

Control and monitor your property using the Yale Home app, from anywhere in the world

Customisable zones

Define specific zones where you want the camera to detect motion

Scheduling* options

Set up motion scheduling to avoid triggering by a regular occurrence

- Full 1080p HD image around the clock with live view and color night vision
- Set up specific detection zones that you want the camera to cover and set up motion scheduling* to avoid notifications triggered by regular occurrence
- Easy installation with a mounting solution that remembers its position after taking down the camera with one-handed operation to recharge the battery
- Receive an app notification with thumbnail when motion is detected
- Enable vehicle detection to get notifications whenever a vehicle approaches your home**
- Choose between power from the built-in rechargeable batteries or wired power solution

*Motion Scheduling functionality will be available soon.

**Available with subscription plan - check Yale website for availability in your country
