- 10-Year Mechanical Guarantee for ultimate peace of mind
- Included within Yale's Lifetime Security Guarantee
- Complies with BS EN 13126-4:2022
- Secured by Design approved

## Yale Dual Shootbolt Window Lock

The Yale Dual Lock Window Lock Range is a high-performance window locking solution engineered for superior security, easy installation, and long-lasting durability. Designed to meet the demands of modern windows, it offers minimal routing preparation, adjustable compression cams, and SensCheck™ Window Sensor compatibility, combining traditional strength with cutting-edge smart home integration.

Providing flexible installation options to suit various window profiles. With a wide selection of sizes, backsets, and cam heights, it's perfect for casement windows, French casement, Flush sash and French Flush Sash windows offering precision and adaptability for every home.

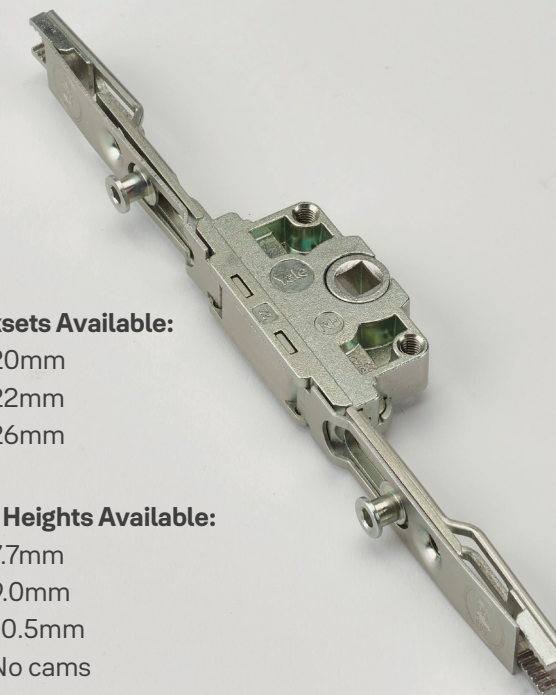

# Perfect fit with multiple configurations

The Dual Lock Shootbolt provides a perfect fit with multiple configuration options, offering flexibility and adaptability for a variety of window types.

Versatile backsets and Cam Heights: With 3 different backsets and 3 cam heights, the shootbolt accommodates various window designs and sizes, ensuring a precise fit no matter the installation requirements.

## Backsets Available:

- 20mm
- 22mm
- 26mm

## Cam Heights Available:

- 7.7mm
- 9.0mm
- 10.5mm
- No cams

## Croppable and Extendable Options:

Allow for easy customisation, ensuring the shootbolt can be tailored to the specific needs of different window frames. With four crop-to-fit shootbolt options covering sash sizes from 312mm to 1422mm, and an extendable gearbox paired with eight rod sizes to suit sashes from 474mm to 1572mm, it offers a flexible solution that ensures a precise, secure fit for every installation.

## Adjustable Cams for Compression:

The adjustable cams enable fine-tuning of compression, which ensures that the shootbolt maintains a tight seal. This adjustment helps to optimise both weather resistance and the overall security of the window.

## Enhanced Weather Resistance:

The tight fit and compression adjustment improve the ability to block out drafts and moisture, making it an excellent choice for windows exposed to various weather conditions.

## Improved Window Security:

By ensuring a secure, tight fit, the Dual Lock Shootbolt provides additional resistance against forced entry, contributing to enhanced window security.

# Features and benefits

### Senscheck™ compatible

The Dual Lock Shootbolt range is smart compatible, allowing for easy integration with SensCheck™ Window Sensors. Yale SensCheck™ Sensors puts the homeowner in control of their home security. Monitoring the status of their windows from anywhere at any time via the Yale Smart Living Alarm App.

### Versatile design for every window

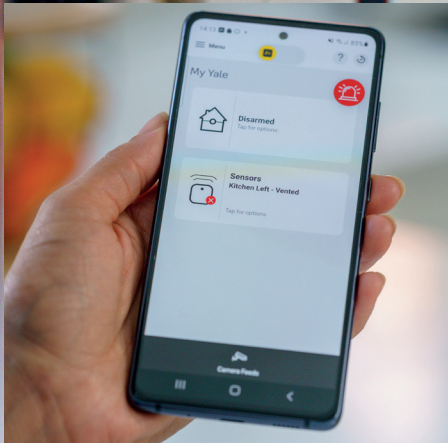

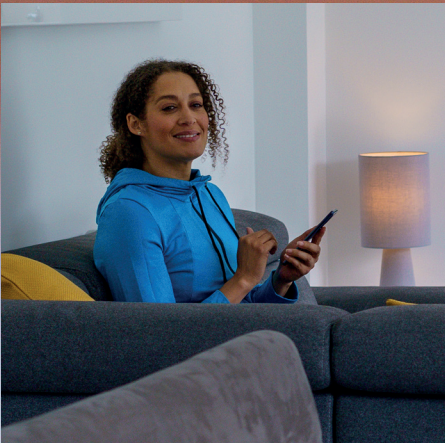

Whether you're working with PVC, Aluminium, or Timber frames, this system provides a perfect fit.

### Profile-related keeps

Through extensive development and rigorous testing, the Dual Lock Window Lock range is complete with proven compatibility across a wide range of industry-standard profiles. This compatibility guarantees reliable performance and peace of mind for your window security.

### Fully configurable in the UK market

The Dual Lock Window lock Range is designed to be full configurability in the UK enabling Yale to quickly respond to increased demand and market fluctuations.

The **Yale Dual Lock Twin Shootbolt** is permanently lubricated for smooth operation. To ensure optimal performance, regular cleaning to keep the lock free from building materials and debris that could interfere with the mechanism is recommended.

#### **Maintenance - Every Five Years**

Perform the following checks:

**Fixing Screws:** Ensure all screws are tight and secure.

**Gasket Compression:** Inspect and adjust as needed.

Gasket compression can be modified using the cam and a **4mm hex key**. Adjustments should align with the profile manufacturer's recommended gasket compression to maintain proper sealing and functionality.

#### **10 Year Guarantee**

Delivering peace of mind from the world's favourite lock company.

#### **Lifetime Security Guarantee**

Yale's Dual Lock Twin Cam Espagnolette is included within our Lifetime Security Guarantee scheme, providing you with numerous benefits and peace of mind.

#### **Secured by Design Approved**

Meets the stringent requirements of Secured by Design for enhanced security.

#### **The Yale Brand**

Yale is trusted by millions of people every day to keep what's important to them safe. Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world. We were there for your grandparents (and probably theirs) and we'll be there for your children. Today, and every day to come.
