Safe

Various Access (PIN, FP, RF cards)

Yale YDM7111/YDM4111 has various access solutions, PIN code, Fingerprint or RF card key(YDM7111) for your convenience.

Easy Fingerprint Scan

Easy Scan technology has been applied to conveniently read a fingerprint in one shot without the need to open or close the cover to enter a fingerprint.

Fake PIN code

To prevent the PIN Code from being exposed, It allows you to enter Fake numbers before or after entering your PIN Code.

SHM(Safe Handle Mechanism) Technology

SHM(Safe Handle Mechanism) Technology that makes it impossible to open the Doorlock to trespass a house by drilling a hole on the entrance or through a pet door has been applied.

Alarm (Break / Damage / Heat)

80db alarm goes off if anyone attempts to damage the lock or force the door open, or if it senses 55 °C.

Invisible Keypad

Keypad number can be seen only when you touch the screen with your palm.

The Yale Networking System (optional extra)

You may use a remote control by installing the Wireless the communication module. It enables you to link it with the Network package - a wireless security system.

Low battery and emergency power supply

It warns in case of low battery with alarm and LED. Also it has 9V external power supply solution.
