LOCKMASTER[®]21
The lock you know and trust. But even better.

The lock you know and trust But even better

Celebrating 21 years of Lockmaster, Yale is proud to introduce Lockmaster 21, the latest innovative addition to Britain's best-selling range of multipoint door locking systems.

Designed, developed and tested in the UK to Yale's exacting standards, this lock faultlessly delivers high-performance security, improved ease of use and an impressive service life.

Complementing a wide range of applications and materials including aluminium, PVCu, timber and composite doors, the Lockmaster 21 offers fantastic versatility. Plus, providing PAS 24:2016 security as standard when incorporated as part of a doorset, it boasts the reassurance, reliability and outstanding features expected from Yale – the world's favourite security brand, securing homes for over 175 years.

Lockmaster 21

A pioneering and innovative multipoint door lock offering maximum security.

Note: YL21-35H-172-19 shown for illustration purposes.

Locking points

- Lockmaster's signature hook and pin unit has been carefully positioned within 100mm of the pre-compression rollers
- Strengthened centre case offering enhanced security for added peace of mind
- Pre-compression rollers
- Sprung and unsprung centre cases to suit front and back door applications; now with centre anti-separation hook as standard
- Easy to use push-in latch snib feature to prevent accidental lock-outs
- Available in 35mm and 45mm backset options
- Suitable for PVCu, aluminium, composite and timber doors

Faceplate

- Yale branded
- Manufactured from 430 stainless steel
- 16mm or 20mm faceplate options
